Forward-Looking Statements

This presentation of GigaCloud Technology Inc (the “Company”) contains statements that reflect the Company’s intent, beliefs or current expectations about the future. These statements can be recognized by the use of words such as “expects,” “plans,” “will,” “estimates,” “projects,” “intends,” or words of similar meaning. These forward-looking statements are not guarantees of future performance and are based on a number of assumptions about the Company’s operations and other factors, many of which are beyond the Company’s control, and accordingly, actual results may differ materially from these forward-looking statements. Caution should be taken with respect to such statements and you should not place undue reliance on any such forward-looking statements. The Company or any of its affiliates, advisers or representatives or the underwriter has no obligation and does not undertake to revise forward-looking statements to reflect newly available information, future events or circumstances. Forward-looking statements are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the forward-looking statements. For a more detailed description of the risks and uncertainties affecting the Company, the reference is made to the Company’s reports filed from time to time with the U.S. Securities and Exchange Commission (the “SEC”), including, but not limited to, the risks detailed in the Company’s preliminary prospectus dated August 1, 2022, filed with the SEC as a part of the Company’s Registration Statement on Form F-1 (File No. 333-266058), and documents incorporated by referenced therein.

In evaluating its business, the Company uses certain non-GAAP measures as supplemental measures to review and assess its operating and financial performance. These non-GAAP financial measures have limitations as analytical tools, and when assessing the Company’s operating and financial performances, investors should not consider them in isolation, or as a substitute for any consolidated statement of operations data prepared in accordance with U.S. GAAP.

Attractive Seller Cohort Trends

Background

- Since inception of GigaCloud Marketplace, active 3P sellers' GMV has consistently increased over time
 - 2021 sellers increased GMV sold from \$1mm in Q1 2021 to \$14mm in Q1 2022, 1,239% year-over-year increase
- We expect continued growth in the number of active 3P sellers through internal sales force initiatives, referrals by existing users and word-of-mouth
- Adding 3P Sellers also helps add SKUs as new sellers bring new products to the platform

Financials Overview

Commentary

- Rapid historical GMV growth fueled by seller and buyer adoption
- GMV on the GigaCloud Marketplace is becoming more prominent as the platform continues to scale

Commentary

- Strong historical revenue growth with continued runway for increased scale
- Majority of revenue will still come from product vs. service, but as the GigaCloud Marketplace continues to scale, revenue from service will exceed product in the long run

Historical GMV by Business

Historical Revenue by Business

Financials Overview (Continued)

Commentary

- Gross profit has increased substantially from 2019 due to GMV and 1P growth
- Gross profit contracted in Q1 2022 due to sharp increase in ocean freight costs in 2021 as well as unfavorable FX rate

Commentary

- Moderate EBITDA growth despite disadvantageous operating environment
- EBITDA margin⁽²⁾ remains challenged by ocean freight costs as well as unfavorable FX rates

Growth Strategy

GIGACLOUD
TECHNOLOGY

Our Growth Strategies

Expandable platform with significant avenues for growth

Grow and Diversify Seller Base and SKUs

- Grow and diversify existing seller base
- In 2021, 85% of active 3P sellers in marketplace were based in China → looking to expand seller base into South East Asia including Vietnam, Thailand, Indonesia and Philippines
- Expand existing offerings and opportunistically extend catalog

Grow Buyer Base and Engagement

- Attract new buyers to marketplace
- In LTM Q1 2022, 3,782 buyers generated \$438.1mm of GigaCloud Marketplace GMV
- Continue to make investments to increase brand awareness and improve product offerings to drive buyer stickiness to the platform

Expand Product Service Offerings

- Continue to leverage data analytics capabilities to develop new tools and services to drive incremental revenue opportunities
- Launched supply chain financing services in September 2020 to select qualified sellers
- Plan to roll out paid advertising tools that promote products based on search results

Expand Geographic Coverage

- Success is based on expansive geographic footprint in key markets
- Build out additional infrastructure in key markets in the U.S., including Braselton, GA, Ontario, CA and Dallas, TX
- Plan to enter into new geographies in Europe including North Rhine-Westphalia, Germany
